--	---

Enhanced Primary and Specialty Providers

Lack of Primary Care Physicians

Community Education Programs

Healthy Behaviors/Lifestyle Choices

Lack of Health Knowledge/Education

Obesity

Physical Inactivity

Community Wellness Program

Healthy Behaviors/Lifestyle Choices

Lack of Health Knowledge/Education

Obesity

Physical Inactivity

Priority 1:

Goal: Enhance Primary and Specialist Providers

Strategies: A line resources with larger organization to gain access to more primary care and specialty care providers

Priority 2:

Goal: Develop Community Education Programs

Strategies: Develop educational programs for the community, health fairs, public speakers.

Priority 3:

Goal: Community Wellness Program

Strategies: Continue to promote and develop a Wellness Program which can be tailored to individual needs of a patient.
